SUMMARY

Results-driven Mobile & Front-End Developer and Instructor with 5+ years of experience building high-impact applications that drive user growth, boost revenue, and enhance business efficiency. Successfully delivered cross-platform mobile and responsive web solutions for e-commerce, influencer marketing, and enterprise systems — including secure payment integrations and real-time features — resulting in improved user engagement, streamlined operations, and scalable platforms poised for rapid adoption. Combines deep technical expertise with a pharmacology background to create intuitive, user-centric products that solve real-world problems.

TECHNICAL EXPERTISE

Frontend & Mobile: JavaScript, TypeScript, React, React Native, Next.js, Redux, Zustand, Expo

Backend & Integrations: RESTful/GraphQL APIs, PostgreSQL, MongoDB, Firebase, Supabase, Stripe, Flutterwave, Paystack, WebSockets

Styling & Design: Tailwind CSS, Sass, Responsive & Mobile-First Design, UI/UX Optimization

Tools & Practices: Git, SEO, RBAC, Push Notifications, Performance Optimization

PROFESSIONAL EXPERIENCE

Lead Mobile Developer

MystraHQ, Remote

Jul 2025 - Present

- Leading development of Africa's pioneering cross-platform influencer marketing mobile app, connecting businesses with content creators through campaign management, creator discovery, real-time messaging, vertical video feeds, and secure Stripe-powered payments
- Architected core features including matching algorithms and transaction workflows, positioning the platform to onboard 1,000+ creators and 500+ businesses in the upcoming launch phase.
- Engineered scalable real-time features using WebSockets and Firebase (primarily for FCM push notifications, with APNs integration for iOS), positioning the platform for rapid scaling and high user retention.
- Designed intuitive UI/UX for profile management, campaign tracking, and payment reconciliation across iOS and Android, driving early user adoption and creator retention.

Senior Front-End Developer

FluxDevs, Remote

Aug 2024 – Present

- Led development of multiple revenue-generating web applications (React, Next.js, Tailwind CSS, TypeScript), delivering responsive e-commerce and enterprise solutions that boosted client business performance.
- Architected full-featured ERP system featuring RBAC, real-time inventory/financial analytics, and employee management — providing actionable insights that enhanced decision-making and operational efficiency for a growing manufacturing SME.
- Built secure, high-conversion e-commerce platforms (JWT/Google OAuth, dynamic catalogs, carts/wishlists, multi-gateway payments via Flutterwave/Paystack/Stripe) for fashion and children's brands, contributing to notable revenue growth (35% post-launch) through superior user experience and reliable performance.
- Optimized application speed, scalability, and maintainability across 5+ concurrent projects, enabling faster feature delivery and higher client satisfaction in agile settings.

Frontend Development Instructor

FluxDevs Academy (Remote)

Dec 2024 – Dec 2025

- Designed and delivered comprehensive frontend development curriculum focused on React, TypeScript, Tailwind CSS, and modern best practices, training 80+ aspiring developers.
- Mentored students through real-world projects, code reviews, and portfolio development, resulting in improved technical proficiency and successful job placements/ freelance transitions for participants.
- Fostered collaborative learning environments that emphasized clean code, performance optimization, and user-centric design principles.

Teacher

First Class Kids, Port Harcourt

Sep 2019 - Jul 2020

- Integrated educational technology into teaching, significantly increasing student engagement and academic performance through innovative, tech-enhanced instruction methods.
- Collaborated on curriculum development and classroom management strategies that created positive, effective learning environments.

EDUCATION

BSc, Pharmacology and Toxicology - University of Calabar, Nigeria

Oct 2025

Honours Thesis: "A Comparative Study on the Effect of *Curcuma Longa* and *Zingiber Officinale* Extracts on Fibrinogen Concentration"

Advisor: Dr. Ekaette Udoh

CERTIFICATIONS

Diabetes Awareness (Global Health Initiative) – Alison

INTERNSHIPS

Student Pharmacist Intern

Royal Blue Pharmacy, Calabar

May 2024 – Nov 2024

- Handled high-volume prescription processing and patient counseling using pharmacy software, improving accuracy, compliance, and patient education on medications and interactions.
